Student Computer and Internet Use Agreement
Tea Tree Gully Primary School

The overall goal of the school is to create and maintain a cyber safety culture which is in keeping with our values, and legislative and professional obligations. Care must be taken to ensure the resources are protected from harm and that no users are exposed to materials considered offensive or illegal. Parents/carers and students need to agree to the Acceptable Use Agreement.

The school’s computer network, Internet and Wi-Fi, email and Intranet access facilities, computers, tablets (ipads) and other school Information Communication Technologies (ICT) equipment and devices are for educational purposes appropriate to the school environment. Students may use these facilities for class work, research and communication.

ICT equipment and devices include – computers, laptops, tablets (ipads), storage devices – USB’s, CD’s, DVD’s, external drives, cameras (video, digital, webcams), all types of mobile phones, gaming consoles (eg DS’s), video and audio players – CD and DVD players, microphones, headphones, ipods and any other similar technologies as they come into use.

The school monitors traffic and material sent and received using the school’s ICT network.

A guide to help keep students cybersafe (please tick each box)
1. I can only use the computers and other ICT equipment for my school work and with my teacher's permission.
2. I will respect our school ICT equipment by using equipment carefully, showing respect to others while on the computer (online and in the room), following ICT Suite Expectations, logging off or shutting down when leaving a computer, telling a teacher or IT technician about anything wrong or damaged.
3. I will not copy or install software on the school equipment. Only software purchased or approved by the school and installed by the school can be used on school equipment. It is illegal to copy or distribute school software.
4. I can go online or use the Internet and Intranet at school when a teacher gives permission and an adult is present.
5. I must seek permission to bring any ICT equipment/devices to school. This includes mobile phones, ipods, games, cameras, USB drives, tablets, ipads and software.
6. If there is something I am not sure about or I find anything that upsets me, is rude or is not acceptable at our school, I will not show others but tell my teacher or the IT technicians.
7. I will not use the Internet, email, mobile phones or any other ICT equipment to be mean, rude or unkind about other people.
8. I will only use photos for school work.
9. I will not tell anyone my password or put out any personal information online (for example: name, address, email address, phone numbers and photos).
10. I understand that if I break this agreement the school will restrict my access to the ICT facilities and need to tell my parents.
11. I have read the Mobile telephone, tablet (ipad), Laptop and Electronic Devices Policy and accept these conditions.

I have read this Student Agreement form for Computer and Internet Use and I am aware of the school's initiatives to maintain a cybersafe learning environment, including my child’s responsibilities. I have discussed these responsibilities with my child.

Name of student…………………………………………………………………………………………………

Name of Parent/ Caregiver………………………………………………………………………………………

Parent/ Caregiver’s signature……………………………………………………………………………………
